We advise everybody (i. e. all man-kind.) in want of wearing apparel, to go where Gentlemen's wear is kept exclusively. We don't believe in having "too many irons in the fire." Let the Ladies keep Ladies' Hats, and sell them; and let us masculines keep Men's Wearing Apparel. That's

our idea of trade. We know there is no house where a man may ge Clothing of all kinds for outer or under wear, so reliable as at BALDWIN'S. He sells for " Gent's Wear Exclusively," (see his advertisement to-day,) and devotes all his attention to his business, enabling him to give more satisfaction than those who keep mixed stocks. Our advice is, if you want articles for your wives or your daughters, go to the Ladies' Stores. If you want Clothing for yourself or your sons, go to a clothing and Merchant Tailoring Establishment; and we know of no house to whom we could more confidently recommend our friends than to 38 Market street. The "City Clothing Store " is the place for Men's and Boys' Wear. Oct. 4-24-1t-6-1t

# MARRIED,

On the 5th jost., at the residence of Wm. L. Jacobs, Esq., in this place, by Rev. Dr. Deems, Dr. JOHN A. McKOY, of Harnett Co., to Miss CHRISTIANA V., daughter of HIRAM W. FOY, Esq., of Columbus. On the evening of the 5th, in the Front St. Methodist Episcopal Church, by the Rev. Dr. Deems, Mr. ROBERT DAVID-SON to Miss MAGNOLIA C. LEWIS, all of Wilmington.

# DIED.

At his residence, in Wilmington, on the 3d inst., in the as follows: 8th year of his age, ALEXANDER D. MOORE. At the close of life's pilgrimage ever stands the opened sepulchre to receive us, and in that "house appointed for all living," now rest the remains of him whose death is here announced. With arrested "ep and sorrowing heart, we pause for a moment in the shadow of the tomb to pay a brief tribute to the noble spirit that now, unfettered by the flesh, has fled from us forever. Truly, never has the Great Reaper gathered into his garner of death a purer heart | Shaw's English Literature, than that whose pulsations are now hushed in the voiceless | Catler's Anatomy, Physiolosepulchre. By all around him he was ever regarded with gy, and Hygen, that respect and admiration which his lofty elevation of Cutler's 1st Book character always commanded for him, while his many manly | Quackenbos' United States, virtues never failed to bind him by the strongest ties of affection to those who were admitted into the closer companonships of his life, and who could more distinctly discern the noble elements of his nature. Always urbane, modest and anobtrusive, alike in action and expression, yet no man ever exhibited more unquailing firmness in the assertion of the right, or unhesitating denunciation of what was wrong. Iutegrity, courtesy and chivalry, indeed, were cardinal features in his character, and, ever obeying their promptings, Peirce's Geometry, Bayard-like, he went through life "without fear and with-

But, while the severest analysis of his character would fail to discover ought that was sordid or grovelling, and while on every page of the volume of his life Truth and Honor were indellibly engraved, yet nowhere was that life so attractively presented as in the sanctuary of his home. In the bosom of that family which he loved so intensely, a far loveher, if not higher, type of character was ever exhibited, and Willard's U. S. History, there alone could be clearly seen the tender and generous! Parker & Watson's National impulses of the guileless heart that beat within his bosom. In that home there is now heard a wail of woe, which far more eloquently tells of the worth of the loved and the lost, than aught that we can say. With sympathizing sorrow, we turn from a scene too sacred for the gaze of the world, but not without the prayer that He whose ways are inserutable, but whose judgments are right, may ever prove a father to the fatherless, and a husband to the widow." To our departed friend whose mission of life has been accomplished, we now give a tearful and eternal adieu. With unnumbered friends to lament him, we rejoice in the belief that he has gone to the tomb with no enemy to forgive him, and trust that his freed spirit is now in that better land,

"Where the forehead is starred With the beauty that dwells in the soul; Where the light of her loveliness cannot be marred, Nor the spirit flung back from its goal.'

Com. In this city, on the 30th ult., after a protracted illness Mrs. LEAH BLOODWORTH, aged about 57 years. Departed this life, near Jacksonville, Onslow county, or the 28th ult., Mrs. MARY SUSAN WARD, wife of Dr. Edward Ward, and daughter of Jeremiah Pearsall, Esq., of Duplin county, aged about 20 years. Thus, in the early morn of life, has been removed from time to eternity, one who was universally beloved by a large circle of relatives and friends for her many amiable and lovely traits of character. While we drop the tear of sympathy o'er her unlimely fate, it is a consolation to know that we mourn not as those who have no hope, for we fondly believe, that while her | tural, and supply Drafts for all kind of Machinery. mortal remains repose beneath the silent turf, beside those of an affectionate mother and sisters, her immortal spirit has winged its flight to realms of bliss beyond this vale of tears, and united with theirs in singing the praises of redeeming love and saving grace.

DYSPEPSIA AND FITS.

DR. O. 284 3m-50-3m ON BURNS. AN UNANSWERABLE ARGUMENT. A short and practical view of the subject .- H. H. Fry, Esq., Agent of the great Iron Mills, Safe Harbor, Lancaster county, Pa., who sells hundreds of bottles of "Prof. De Grath's Electric Oil," says the men are much exposed to fire, and often meet with accidents, but the " Electric Oil" takes all pain out and gives the hands no trouble. He orders another large lot, and says they are entirely out. It also acts promptly and efficiently in relieving frost bites and injuries of any kind, like sprains and wounds. It will relieve Piles more surely and pleasantly than any other thing, and it acts like a charm in cases of broken breast and sore nupples. If such men as Dr. Welchens, of Lancaster, and ndreds more, allege that they have been cured, is it not entitled to more credit than the mere self-adulation of any medicine dealer or doctor in the world?

REVIEW OF THE WILMINGTON MARKET. FOR THE WEEK ENDING OCTOBER 7TH, 1858.

TURPENTINE.—The arrivals during the week just ended Varnish, 20 bbls. have been lighter than for some time past, owing mainly to the low stage of the water courses, as little or none can be brought from above tideway. There has existed a moderate demand from distillers, and about all received has been taken by them at former quotations,-\$3 for virgin and yellow dip, and \$1 50 for hard. The week's transactions reach

only 1,685 bbls, as follows: Bbls. Virgin. Yel. Dip. 296.....\$3 00.....\$3 00......\$1 50 730...... 3 00..... 3 00...... Friday. 139..... 3 00..... 3 00... Monday..... 244...... 3 00..... 3 00..... Tuesday..... 200...... 3 00...... 3 00...... Wednesday... 35....... 3 00..... 3 00...... 1 50

Rosin.-The market has continued to rule quiet for all grades during the week ended to day. The difficulty in shipoperating, and the market closes in an unsettled condition. Common at \$1 20 for large bbls.; 850 do. No. 2 at \$1 25 to good article. \$1 50; and 187 do. No. 1 at prices ranging from \$2 25 to \$4 bbl., according to quality. In Pale nothing has been done; receipts meagre, and very little on market. We

TAR .- There has been an active demand existing for some time past, and the arrivals have been unusually small. None received since last review, and consequently we have no | Corn, white, 75 a 78c.; yellow 83 a 85c. Whiskey 23 a 241c. sales to report. Last sale was at \$1 70 \$\ bbl., but higher | Provisions are dull and unchanged. figures could be readily obtained for a lot of any moment. BEEF CATTLE AND SHEEP-We have no change to report in either article. The receipts have been unusually smal! for some weeks past, and butchers have a very light supply on hand. We note a good demand existing, and a few droves

would sell readily at quotations. See table. BARRELS-The market for empty Spirits Turpentine barrels remains without material alteration. The stock in first hands has become very much reduced, owing to the meagre arrivals, and the larger portion offering on market are of inferior and ordinary quantity. We quote small sales of second hand ones during the week at \$1 70 each, for lots as they run, cash and 90 days. We quote selected at \$1 95 a The stock here and at Matanzas is estimated at about 130, \$2 00, and new at \$2 each.

COFFEE -Nothing doing except in the retail way, and the Corron-Under the favorable advices from abroad, the

market here has ruled quite active, and nearly al! offered has changed hands at full prices-closing firm, with a fair demand from buyers. The sales for the week are as follows: Thursday 153 bales at 11 cents for ordinary, 121 cents for M. feet. On 21st inst. a cargo of Pitch Pine, from Pensacomiddling, and 12½ cents for strict middling and middling fair; Friday, 90 do. at 12½ cents for low middling to middling fair; and Monday, 25 do. at 12½ cents for middling; sold at \$28 50 \$\mathbb{B}\$ M. feet, and on 22d inst., a cargo from St. Mary's, at a rate not made public. Box Shooks very abundant and dull. Sugar hhds. Shooks, 167 from store, sold at \$2 25 each. No other sales of cooperage stock reand Thursday 26 do. at 121 a 121 cents for strict to good ported.

light. In moderate demand for retailing purposes, and we quote sales from the granaries at 90 a 95 cents P bushel. FISH-For Mullets we note a moderate demand existing, and only a small stock on market. A lot of 100 bbls. re-

ceived and sold from vessel at \$6 50 for pine bbls. We refer to our table for store prices of Mackerel and Herring. FLOUR-The market for State brands has ruled exceedingy dull for the past two or three weeks, and since the close of our last review prices have materially declined. The receipts have been confined to a few small lots per railroad, and the supply in first hands is light, but in the absence of the usual demand from retailers, it may be considered fully sufficent for present purposes. We quote small transactions in sacks during the week at \$3 for superfine, \$2.98 lbs.; and in barrels at \$6 for superfine, and \$6 25 \$9 bbl. for family-

closing inactive at these prices. GRAIN.-In this market we have nothing to report in the way of sales. No Corn or Oars have been received here for several weeks past, and the supply in dealers' hands is very light. We note a good demand for Corn, and a few cargoes would find quick sale. In the absence of transactions we cannot give a correct figure, and therefore quote nominally at 75 cents & bushel. PEAS. Cow are in very good stock, and we notice a meagre demand. Last sale was at 65 cents & bushel .---- Rice .- The market continuse to be pretty well supplied with clean, and only a retail demand exists. See table for quotations.

HAY .- No change of importance to note in this article; market well supplied, and demand light. A lot of 250 bales Northern make was received in the early part of the week, and changed hands at 50 cents \$\mathbb{B}\$ 100 fbs., 90 days.

LIME .- None received for the past week or two, but we notice a good stock in dealers' hands, and the marked rules dull. Selling in the small way from store at 90 cents a \$1 % cask, as in quality.

Molasses .- But little demand exists for this article; the stock of Cuba has become pretty much worked off in the absence of receipts. We refer to our table for store rates. POTATOES .- The arrivals of sweet have been better, and the demand is light. We quote from carts at 70 a 80 cents bushel. In Irish we have nothing new to report. There is scarcely any demand, and the market is very well supplied. We quote from store at \$2 25 a \$2 50 \$3 bbl., as in

PROVISIONS-For N. C. cured Bacon the market has ruled decidedly dull for some time past; the receipts continue moderate, and in the absence of sales the stock in first hands has accumulated, and is at present quite heavy. The demand is principally for small lots from consumers, as dealers show no disposition to operate unless at lower prices. We quote nominally at 121 to 13 cents for hog round, and 131 a 14 cents # 16. for hams. For Western cured the market has also ruled quiet during the past week, as we notice merely a retail demand, and prices are a shade lower; fair stock in first hands. We quote small sales from store at 8 a 84 cents for shoulders, and 10 a 104 cents # 15. for sides, according to quantity .- LARD-The demand for this article has been very light for some weeks past, and the supply is fully sufficient for present purposes. We quote N. C. make at 13 a 134 cents, and Western at 124 a 13 cents B tb .- the latter figure for an extra article .--- PORK-Northern is in fair stock and demand limited. Small sales from store at prices ranging within quotations. See table. Salt.-No arrivals of Liverpool ground since our last re-

market, changed hands at 85 cents \$\pi\$ sack, 90 days. Alum Flanner; with naval stores, &c. continues in good supply, and sells from store at 25 cents per bushel, in quantities to suit. SHINGLES .- Dull. Sales of one or two small parcels of

view; market moderately supplied, and only a light demand

exists. The lot of 1200 sacks reported in our last as on

Common at \$2 25 per M. TIMBER-Has arrived slowly during the past week; millers, however, have a fair supply on hand, and the market by A. H. VanBokkelen. has exhibited a little dullness, though we have no change to make in prices. The sales comprise only 7 a 8 rafts at \$6 | tin; with mdze.

a \$6 75 per M., as in quality. FREIGHTS .- For coastwise the market has ruled firm, and rates to New York and Boston have gone up a shade on naval stores and cotton. Only four or five vessels have arrived since our last, and about all in port have been taken up at prices quoted in our table; considerable produce now offering for shipment. See table for rates.

And the various affections consequentupon a disordered STOMACH OR LIVER, Such as Indigestion, Acidity of the Stomach, Colicky Pains, Heartburn, Loss of Appetite, Despondency, Costiveness, Blind and Bleeding Piles. In all Nervous, Rheumatic, and Neuralgic Affections, it has in numerous instances proved highly beneficial, and in others effected a decided cure. This is a purely vegetable compound, prepared on strictly scientific principles, after the manner of the celebrated Holland Professor, Bærhave. Because of its great success in most of the European States, its introduction into the United States was intended more especially for those of our father-land scattered berget and there exists the force of this might

land scattered here and there over the face of this mighty country. Meeting with great success among them, I now offer it to the American public, knowing that its truly wonderful medicinal virtues must be acknowledged. It is particularly recommended to those persons whose constitutions may have been impaired by the continuous use of ardent spirits, or other forms of dissipation. Generally, instantaneous in effect, it finds its way directly to the seat of life, thrilling and quickening every nerve, raising up the

drooping spirit, and, in fact, infusing new health and vigor NOTICE.-Whoever expects to find this a beverage will be disappointed; but to the sick, weak and low spirited, it will prove a grateful aromatic cordial, possessed of singular remedial properties. CAUTION:

many imitations, which the public should guard against purchasing. Be not pursuaded to buy anything else until you have given Bærhave's Holland Bitters a fair trial. One bottle will convince you how infinitely superior it is to all these imitations Sold at \$1 00 per bottle, or six bottles for \$5, by the ole proprietors, BENJAMIN PAGE, JR. & Co., Manufacturing harmaceutists and Chemists,

NALK OF BEAUTY, it cannot exist without a fine head A of hair, then read the following, and if you ask more, see circular around each bottle, and no one can doubt: PROFESSOR WOOD'S HAIR RESTORATIVE.-We call the attention of all, old and young, to this wonderful preparation, which turns back to its original color gray haircovers the head of the bald with a luxuriant growth-reused as a regular dressing for the hair, will preserve its color, and keep it from falling to extreme old age, in all its natural beauty. We call then upon the bald, the gray, or diseased in scalp, to use it; and surely the young will not, as they value the flowing locks, or the witching curl, ever be

tive, a few weeks since : Mr. Leavenworth-Sir: I have been troubled with dandruff or scurf on my head for more than a year, my hair be-Haven paper about "Wood's Hair Restorative" as a cure I called at your store on the 1st of April last, and purchased one bottle to try it, and I found to my satisfaction it was the thing; it removed the scurf and new hair began to grow; it is now two or three inches in length where it was all off. I have great faith in it. I wish you to send me two bottles of the kind is used in this place, you may have a market for

Prof. Wood-Dear Sir: Your Hair Restorative is proving itself beneficial to me. The front, and also the back part of my head almost lost its covering-in fact bald. I have used but two half-pint bottles of your Restorative, and now have tried other preparations without any benefit whatever. I think from my own personal recommendation, I can induce Yours respectfully, D. R. THOMAS, M. D., No. 464 Vine street.

for whomsoever it may concern, that I have used it add known others to use it-that I have, for several years, been in the habit of using other Hair Restoratives, and that find yours vastly superior to any other I know. It entirely cleanses the head of dandruff, and with one month's proper use will restore any person's hair to the original youthful color and texture, giving it a healthy, soft and glossy appearance; and all this, without discoloring the hands that apply it, or the dress on which it drops. I would, therefore, recommend its use to every one desirous of having a
